Front-End Developer with experience in designing and developing responsive web application using React, JavaScript, HTML, and CSS.

## EXPERIENCE / PROJECTS

### FREELANCE FRONTEND DEVELOPER, DEC 2020 – CURRENT SAJJBOUTIQUE

- Designed, developed, and maintained responsive web application for a local clothing store using React, JavaScript, HTML, and SCSS.
- Implemented search and filter functionality to allow users to find products easily and intuitively in store's collection.
- Integrated application with Google analytics to collect user metrics and enhance user experience.

### CREAMY CREATIONS

- Designed, prototyped, developed, and maintained a mobile-friendly web application for a local bakery to showcase collection with a user-friendly photo gallery.
- Engaged with client for suggestion and feedback throughout the development.
